

A Welcome from your Governing Body

Welcome to Saltford School!

We hope you and your loved ones have been keeping well over these recent months.

We are sorry that our normal evening arrangements for welcoming the families of our new reception children have not been able to take place this year. We would have been able to tell you all a bit about the governors here at Saltford, including what we do and how to get in contact.

We are proud of the sense of community we have which has been even more noticeable this year. Here at Saltford, we pride ourselves on providing a positive, stimulating and inclusive learning environment for our children and despite the lack of physical proximity, we have all still felt very much part of the school community. We look forward to all coming together when it is safe for us to do so.

The school is very much part of the community and has close links with St Mary's Church which is apparent in the Christian ethos that permeates all we do.

Your Governing body is here to support and challenge the school to be the best it can be and our latest Ofsted (good) and SIAS (outstanding) inspections indicate we're on the right track.

Take a look at our section of the school website to see who your governors are, what they do and how you can engage with them, including our Parents' Forum.

It will come as no surprise to you that a collaborative relationship between the school, our children and their parents/carers is vital to success and there are lots of ways for you to get involved.

From simply helping to support a class by hearing children read to getting involved with our fantastic Parent Teacher Association to becoming a parent governor you can make a real contribution.

So welcome and please do get involved early.

Megan Jackson & Richard Rowland
