Doodle Maths, Doodle Tables, Doodle Spellings and Doodle English

Dear Parents,

We have now subscribed to Doodle English and Doodle Spellings as well as our ongoing subscription to Doodle Maths and Doodle Tables. These can all be accessed through apps on a phone or tablet. There are separate apps for each of the Doodle programmes listed above

Your child's Doodle Maths login will also work for all the other Doodle sites that we subscribe to. When they enter the site for the first time, they will be asked to complete an initial activity, will then be used to create a personalised work programme tailored to their level, strengths, and weaknesses.

If your child is not sure of their login when the school is closed, please email the school, and I will attempt to reply to you with it.

Doodle Maths is in use in lots of Primary and Secondary schools across the country, and has been shown to improve engagement in maths to help children make big improvements in both their ability and confidence in maths - using for 10 minutes a day has helped children make 3 month's progress in just 1 month.

You can find a short video below explaining how the Doodle English and Doodle Spell apps work:
