19th September 2024

Dear Parents/Carers

Year 5 and 6 Technology Session

We are delighted to be welcoming Nicola from the PAPAYA Charity to Saltford on Monday 30th September 2024 for the day to lead a workshop for our oldest children on "Me and My Screen": How to Achieve a Healthier Balance with Technology. This will take place within the school day.

You may be aware of the growing body of evidence around the impact of Smartphone usage and the national movement raising people's awareness of this topic. This has therefore led us to consider how we, as a school, can further support the healthy use of technology with children. The workshop is designed to help students critically evaluate their use of technology and its impact on themselves and broader society.

The workshop is an interactive discussion which will enable the children to evaluate the advantages and disadvantages of the internet and will empower them to assess their online activities.

We hope it will encourage conversations with the children about their use of technology and how it can impact their lives.

Yours faithfully

Mrs White
