10<sup>th</sup> July 2024

Dear Parents and Carers

We are very pleased to be sending home your child's report. We hope you find it useful and informative. I am really pleased with the resilience and hard work they have shown. Many thanks to you for all your support with their learning and assistance with homework. Thank you also to the Year Six staff team who I feel have ensured your child is ready to transition to secondary school.

The report, will tell you if your child is working at the expected standard for their age (EXS) exceeding the expected standard for their age (GDS) or working below the expected standard for their age (WTS). You will also find enclosed your child's SATs results – please see the back of this letter for help interpreting these.

Teachers have made reference to the end of year National Curriculum expectations for your child for English and Maths. Information about end of year expectations for all year groups can be found in the Curriculum area of our school website on the English and Maths pages.

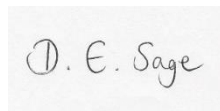

<https://www.saltfordschool.org.uk/curriculum/#english>

<https://www.saltfordschool.org.uk/curriculum/#maths>

We have included targets for your child to work on which we know parents have found useful. We have also grouped similar subjects, which may have been taught in a cross-curricular way, rather than keeping them separate. Please see overleaf for a reminder with regards to statutory curricular information which you may find useful.

If you would like to make a comment about your child's progress this year, we ask you to complete an online form [here](#). This will be sent to your child's current teacher.

Yours sincerely

Mrs D Sage  
Headteacher

## **Curricular Information:**

Compulsory national curriculum subjects at primary school are:

- English
- maths
- science
- design and technology
- history
- geography
- art and design
- music
- physical education (PE), including swimming
- computing
- a foreign language (at key stage 2)
- personal, social and health education (PSHE) (including compulsory work on Relationships Education)

In addition Religious Education is a statutory subject and must be taught, although it is not part of the National Curriculum.

Schools often also teach:

- citizenship

Statutory Assessments at the end of each Key Stage (SATs and Teacher Assessments) have taken place :

A scaled score between 80 and 99 means that your child's test result was below the Y6 age related standard.

A scaled score between 100 and 109 means that your child's test result is at the Y6 age related standard.

A scaled score between 110 and 120 means that your child's test result is above the Y6 age related standard.

Your child's report will include information about whether he or she is meeting the end of year age-related expectations (WTS – working towards EXS – at the expected standard GDS – working at greater depth).

Information about end of year expectations for all year groups can be found in the Curriculum area of our school website on the English and Maths pages.
