Dear Y3 parents,

Your children have made a brilliant start to Y3! Thanks for all your support in preparing them for the new school year.

Just a couple of maths notes:

- **Please could you make sure your child's Doodle login details are recorded on p10 of their new planners?**
- This week your child will come home with a times tables sheets to practise for a test next week (the sheet we give them will be the actual test they will take next week in class).

The children have been put onto 2 x tables **or** the times tables they were working on at the end of Y2 (we've started back at straight multiplication, but this will move onto division again quickly). Once the children have got all the tables right, we move them on to the next list (these are organised according to the curriculum requirements across KS2), **unless** the test is a mixture of multiplication and division questions, when we ask the children to get them all right twice in a row (we use our discretion if they are very close!). If your child finds the tables they are on too tricky or too easy, please ask them to come and chat to us.

TT Rockstars and Doodle Tables are great for helping your child practise, along with chanting/learning a song (Youtube has some we sometimes use in school). We thank you for any support you can give your children to learn their multiplication facts.

Many thanks,

Y3 Team.
