

## **Salford Primary School Travel Policy 2019-2020**

We actively encourage our pupils and staff to walk, scoot or cycle to school as they:

- keep us fit and healthy
- help our pupils develop road safety skills which will keep them safe as they travel further afield and more independently
- help keep our local air clean, and our streets free from congestion
- are life skills that everyone should be able to benefit from

### **What we do**

We use Modeshift STARS to update and monitor our school travel plan.

We promote safe and active travel as much as possible by using displays, newsletter and website at <http://www.salfordschool.org.uk>

We encourage all members of our school community to walk, cycle or travel by public transport for the journey to school. To support this, we provide:

- Cycle training (Bikeability with KS2)
- Pedestrian training (KS1)
- Cycle parking
- Scooter parking
- Public transport information

Local school trips are made by; local coach companies when appropriate or on foot if the destination is close by. We let all new pupils and their parents/carers know that we promote healthy and sustainable travel to school before the child starts at our school.

### **What we ask of parents**

Please encourage your child(ren) to walk, scoot or cycle to school whenever possible.

Ensure your child(ren) walk or ride sensibly and safely on the way to and from school, and to push bikes and scooters on school grounds.

Ensure that bicycles and scooters are roadworthy and properly maintained. If in doubt consult a qualified mechanic.

Consider providing your child(ren) with a cycle helmet.

Ensure your child(ren) can be seen by fitting lights to their bike by supplying them with high-visibility clothing.

Make sure your child(ren) has a lock for their bike or scooter and that they know how to use it.

Ensure you have appropriate insurance cover for your child(ren)'s bicycle or scooter as the school is not liable for any loss or damage to cycles or scooters on the premises or being used on the way to or from school.

If you travel by bus, can you get off the bus at least two stops early and walk the last part of the journey?

We understand that sometimes there is no alternative to driving to school.

Where a car must be used we ask parents to drive only part of the way, and drop their child(ren) off away from the school so that some of the journey can be walked or scooted.

We suggest parents park a 5 / 10 minute walk away from the school.

If you do have to drive your child(ren) and stop in the near vicinity please do so legally, safely and with respect for our neighbours and local residents.

It is not acceptable to park or wait on double yellow lines, on the school zigzags or across residential driveways for any period of time.

Please note that the decision on whether a child is competent to cycle or scoot to school is for the parent(s) or carer(s) to make. The school has no liability for any consequences arising from this decision.

### **What we ask of pupils**

Ask your parents if you can walk, scoot or cycle to school.

Behave in a way that shows you and the school in the best light whether walking, scooting, cycling or using public transport.

Ride or walk courteously, sensibly and safely on the way to and from school.

Dismount and push bikes and scooters whilst on school grounds.

Check that your bike or scooter is roadworthy and properly maintained.

Wear a cycle helmet.

Make sure you can be seen by using lights in the dark or bad weather and by wearing high-visibility clothing.

Make sure you have a lock for your bike or scooter and that you use it.

### **Travel Ambassadors and School events**

UKS2 Junior Travel Ambassadors (JTA) are given opportunities to help to make travelling to and from school safer and more active for their friends and classmates.

Junior Travel Ambassadors will research, plan, promote and deliver safer, active and independent travel activities (assemblies, competitions and events) in our school under adult supervision.

## Action Plan

Objectives	Measure and Actions Required	Responsibility	Start & Finish	Outcome: Success Criteria (to be reviewed in Spring 2021)
Be Healthy and Sustainable	Cycle storage facilities	AB	In place to be added to as required	
	Promote sustainable travel to parents via texts/newsletters/website/twitter/prospectus/new parent meetings	AB	Ongoing	
	Bikeability cycling proficiency for all year 5 (spring term) & year 6 (summer term) NEW – proposals to offer to younger ages	Clare Graham B&NES	Ongoing each year Y5/6 course over four weeks	
	Take part in <a href="#">national walk to school week</a> including sticker competition	AB	Ongoing – each year Next = 18-22 May 2020
